A Message from Mayor Annette Iafallo – Cancellation of March Bulk Pickup Week Due to Covid-19 Outbreak in the DPW

This afternoon we were notified of multiple positive Covid 19 tests affecting our DPW workforce. As a result, we will be forced to cancel bulk pickup for tomorrow, Tuesday March 23 through Friday, March 26 due to a lack of manpower. Today's bulk pickup (Monday, March 22) has been completed.

Bulk items already at the curb will be picked up as soon as possible. Please do not bring any more bulk items to the curb until further notice.

We will look to reschedule the full bulk pickup as soon as possible once our DPW equipment and facilities are sanitized and our work force restored. At this time, regular garbage and recycling pickup will remain as scheduled.

Our thoughts and prayers are with our DPW employees and their families.

We apologize for this inconvenience and appreciate your understanding of this unfortunate situation. Please share this information with others as appropriate.

Stay safe and God bless

Annette
